## 4 Company Overview

---

### FlexiSlot®/ Production

Our unique FlexiSlot product range is a modular plastic slatwall system offering many possibilities for product display. As well as our wide standard product range we can also react to customer specific requirements thanks to our in-house production facility. With our modern production facilities we guarantee the highest quality and quick turnaround. Use our FlexiSlot system to create your sales room or exhibition stand and expand it with our range of slatwall accessories

Plan it yourself or make use of our experience.

- Use our FlexiSlot slatwall system to support the representation and marketing of your company or brand.
- Set yourself apart at exhibitions with a customised display.

*1. The FlexiSlot Slatwall System can become a customised element of your sales room or exhibition stand through the addition of digital printing. This type of finish is achieved by laminating with a customised digitally printed film. The slots of the FlexiSlot profile remain free to add items from our wide range of slatwall accessories.*

## FlexiSlot® Quattro Exhibition System

This FlexiSlot Quattro / Rackline display is designed to fit an exhibition stand of 4000 x 3000 mm (W x D) in size and illustrates the versatility of the FlexiSlot slatwall system. The components are also fitted with clip-on header boards either 300 mm or 800 mm in height. The 800 mm version sits on the integrated exhibition booth and draws the eye to the display. On request we can also print the header boards for you. Furthermore, 4 bright halogen spotlights are included and are easily fixed in place on top of the headers. This system allows you to build and break down your stand quickly and easily and display your products however you wish using the range of accessories available.

FlexiSlot colour: white similar to RAL 9010; Total width: 3930 mm; Total height: 3000 mm; Total depth: 2900 mm
