- ✓ storage
- ✓ webshop
- ✓ worldwide shipping

Are you looking for a unique promotional item or giveaway?

By personalising promotional items you ensure the long-term presence of your company with partners, customers or colleagues. From lighters to umbrellas. The variety of our range includes the whole world of promotional items. Our in-house print workshop uses an array of finishing techniques to make your promotional item an eye-catcher.

Design options for textiles

Alongside printing, embroidery is a high quality alternative for textiles. Emblems, names, logos and many other motifs can be added. We also offer 3D embroidery.

In addition there is also the possibility to customise textiles with laser engraving. A laser "sears" the motif in to the surface of the material. This finishing technique is suited to thicker materials.

Hygiene Products

Present sanitiser to customers and patients in your store or facility. The sanitisers are pleasant to spread on the hands, whether gel or spray. Stand up to fast-transmitting coronaviruses by using these sanitisers. The useful bottles become a constant companion in the handbag, work jacket or in the car of your visitors. Declare war on coronaviruses and co. and design your giveaway!

We are happy to supply these items with your desired print.

"4in1" Mousepad and Microfibre Towel

GripCleaner® - the 4in1 mouse pad that can also clean and protect. Four functions in one product: As a microfibre cloth, GripCleaner® cleans screens without leaving streaks and cleans glasses. As a mouse pad, it provides grip and is gentle on both the mouse and the desktop. And as a display protector for a notebook it lies gently between keyboard and screen. The upper side of the GripCleaner® consists of the innovative microfibre P-9000®. This cleans highly sensitive surfaces streak-free and particularly gently. Thousands of anti-slip dots on the back ensure astrong and secure grip.

Material: Microfibre P-9000®; Size: approx. 230 x 200 mm;
Print/motif: incl. 4/0 print + printed standard insert card
