Sneeze Guard "Alba"

The sneeze Guard "Alba" consists of 3 parts which slot together and can be dismantled and stored in a space-saving way if required.

Material: acrylic; Material thickness: 4 mm; Colour: crystal clear

Width: 1000 mm; Height: 750 mm; Opening: 300 x 150 mm (W x H)
60.0605.6

Width: 750 mm; Height: 1000 mm; Opening: 300 x 150 mm (W x H)
60.0605.7

Width: 500 mm; Height: 750 mm; Opening: 200 x 150 mm (W x H)
60.0605.8

Sneeze Guard "Benita" with Hatch

Due to its shallow depth of 300 mm, this sneeze guard is ideal for narrow counters. The opening with a width of 300 mm and a height of 152 mm can be used for money and goods.

Material: acrylic; Material thickness: 6 mm; Colour: crystal clear;
Width: 750 mm; Height: 600 mm; Depth: 300 mm

60.0168.37

Spit Shield "Construct"

The sneeze guard "Construct" offers great hygiene protection measuring 1000 mm wide and 500 mm high. The entire frame has a height of 750 mm, which gives the option of a 250 mm tall hatch at the bottom.

Frame material: aluminium / plastic;

Profile type: square tube, 30 x 30 x 1,5 mm;

Frame colour: silver anodised / black; Total depth: 250 mm

for adjustment
- Load capacity per set totals up to 5 kg
50.0041.1

Ideal for hanging protective screens and partitions.

Current prices can be found on our website.

Roll Banner "Stick" Partition Wall

The Rollbanner "Stick" is a classic roll up banner, which serves as a sneeze guard. A PET banner is hidden in the aluminium casing, which can be pulled out. We can custom print this banner so that the product doubles up as advertising or an information display. The thin PET can reduce the transmission of bacteria or pathogens via droplet infection. Thus, office staff, customers or service personnel can be protected.

Casing material: aluminium;
Casing colour: silver; Height: 2000 mm;
Depth: 300 mm; Version: partition;
Features: incl. transparent banner

Width: 850 mm

80.0126.77

Width: 1000 mm

80.0126.72

Aluminium Stretch Frame Partition Wall incl. Crystal Clear PVC Banner

The partition wall consists of an aluminium stretch frame, which stands on two stable base plates. It is supplied with a crystal clear banner, which has a flat welt sewn in on all sides. Separate your areas and still keep the room visible at all times. A printed textile banner can also be clamped into the frame if the application changes.

Frame material: aluminium;
Frame colour: silver anodised;
Frame depth: 44 mm;
Version: incl. transparent PVC banner and 2 angled feet

Washable Mat with Logo / Doormat / Customised Imprint

The logo mat is printable in 30 basic colours and can be washed at 50 °. The mats are also available on request in special sizes and colours. All mats are produced with a rubber edging of approx. 2 cm. The PVC-free NBR back prevents the mats from slipping on smooth surfaces. The mat surface is made of polyamide 6.6 and is B1 fire protection certified. In addition to a high dirt trap capacity, it has a water absorption of 3-4 l / m². The weight of the pile is about 750 g / m² and is about 8 mm high. The costs include printing and design costs. A size tolerance of +/- 3% is possible!

Size: 850 x 1150 mm; Print method: chromo JET

16.0036.7

Logo mats can be made in portrait or landscape format.
Special colours also available on request.

The associated colour table can be downloaded from our website.
Pre-printed logo mats with the guidance "Please keep your distance"
can be found in our online shop.

Floor Sticker

The fixed placement of floor stickers gives the customer a clear guideline and thus the necessary safety distance to the next customer is maintained. The stickers have an anti-slip laminate.

Material: self-adhesive film + floor laminate; Surface: matt;
Size: ø 322 mm; Print method: digital print;
Range of use: for indoor use; Assembly: contour cut as a circle;
Model: Bitte Abstand halten! Please keep distance!;
Version: for smooth flooring

14.0059.1554

Minimum order quantity 10 pieces.

Current prices can be found on our website.

Floor Marking Tape

Material: PVC; Width of roll: 50 mm; Roll length: 66 m;
Material thickness: 170 my; Adhesive: natural rubber;
Range of use: for indoor and outdoor use

Colour: yellow / black

12.0459.26

Colour: red / white

12.0459.25

Ticket Dispenser

This call system is controlled with a remote control. The visitor takes their number from the ticket dispenser mounted on a white upright. The digital number display has a base which can be placed on a service counter.

Material of upright: aluminium;

Profile type: square tube, 80 x 80 x 2 mm;

Colour of upright: white similar to RAL 9016;

Material of base: steel; Colour of base: white;

Size of base: 300 x 300 mm (W x D); Total height: 1040 mm;

Features: incl. call system

51.0296.1

Use the ticket dispenser for access control to your salesroom too.

Material: metal / acrylic; Surface: powder coated;

Colour: silver similar to RAL 9006; Size: A4;

Orientation: portrait; Width: 235 mm;

Height: 800 mm; Depth: 325 mm

57.0105.1

1. You can find suitable inserts in our online shop as a free download.

Mouth Visor "Visero"

The mouth visor can counteract the transmission of droplets, as the mouth and nose area in particular is covered from the chin. This method of wear is a real benefit particularly for spectacle wearers and people with respiratory diseases. Lip-reading is indispensable when dealing with the hearing impaired. The mouth and nose visor can be easily attached behind your ears with two straps. A plastic chin device maintains the ideal distance to the face.

Please remove double-sided protective film before use.

VKF Renzel accepts no liability for the effectiveness or proper use of the visor. It is neither a medical product nor personal protective equipment.

Material: plastic; Colour: transparent / white;

Width: 140 mm; Height: 70 mm; Version: unprinted

53.0459.1

Face Protection Visor

The crystal clear plastic material allows a good view while the face is fully protected. The sheet has a width of 380 mm and a height of 225 mm and is attached to the head with a hook & loop strap. The strap has a length of 800 mm and can therefore be adjusted to fit any head size without slipping.

The visor is neither personal protective equipment nor a medical product.

Material: PET; Colour: crystal clear;

Version: hook and loop tape included (800 mm);

Weight: 90 g

IDEAL "AP30 Pro" Air Purifier

Air purification is an effective contribution to the health of your audience in meeting rooms, offices, lobbies and other common areas. Filtered viruses and bacteria remain completely inside the air purifier.

The compact air purifier impresses with a certified hygiene result with low energy consumption. The multi-layer filter removes pollutants and impurities such as dust, fine dust (PM10, PM2.5 and smaller), pollen and pathogens from the room air. The growth of mould spores is prevented in the filter. Odours such as cigarette smoke, exhaust gases (including NO₂), ozone and chemical vapours (formaldehyde, toluene, n-butane, VOC) are also filtered out of the indoor air and no longer cause pollution.

The individual modes can be conveniently selected via a touch display control panel. 3 power levels can be set manually. The "IDEAL AIR PRO" app allows you to adjust the power levels in detail. The 360° filter must be replaced every 12 months on average. The practical filter change indicator informs you when it's time to do this.

Colour: black; Sizes: 398 x 255 x 298 mm (H x W x D);

Room size: 20 - 40 m²; Cleaning performance: up to 310 m³/h;

Designed for: 20 - 40 m² room size with a room height of 2.5 m;

Noise emission in decibels: 17 - 54 dB;

Power input [W]: 5 - 30 W; Weight: 3.6 kg

10.0537.1

Current prices can be found on our website.

Professional Air Purifier "PLR Silent" with HEPA Filter H14 and UV-C Light

- Suitable for rooms up to 150m² (with 3m ceiling height)
- High filtration capacity
- HEPA filter compliant with EN 1822 class H14
- Optical indicator for filter change
- Operation via touch display
- Adjustable day and night modes
- UV-C lamp with adjustable on/off delay
- Infinitely variable power control 0-100%.
- Automatic soft start

Material: aluminium; Surface: powder coated;
 Colour: RAL 9003 microstructure; Sizes: 393 x 463 x 950 mm (L x W x H);
 Room size: up to 150 m²; Cleaning performance: 1062 m³/h;
 Separation efficiency: 99.995%;
 Filter class: HEPA-Filter H14 compliant with EN 1822 + prefilter;
 Filter levels: 3 (optional 5); Filter area: 150 m²;
 Filter change interval: 8800 working hours;
 Finish: with infinitely variable power control (0-100%);
 Features: with touch display and indicator for filter change;
 Version: with 3-stage filter system and UV-C light;
 Power input [W]: max. 210 W (at 100%);
 Voltage [V]: 230 V; Weight: 22 kg

The frame, specially designed for outdoor use, can easily be fitted with a banner with your desired print motif. The flat piping sewn on all sides is simply inserted into the aluminium profile and the banner is held in place without creases. For additional protection against dirt and vandalism, a hinged cover profile is attached, which also prevents the banner from slipping out. The weather resistant frame is fastened to the facade by simply screwing it on. On request, the profile can be pre-drilled and a custom printed banner delivered with it.

Frame material: aluminium; Surface: anodised;
Frame colour: silver; Frame depth: 90 mm; Hanger: without;
Version: without digitally printed banner

Outer frame size: 3000 x 1500 mm (W x H);
